Witte Hosts Brackenridge Park Exhibit

In connection with the release of Lewis F. Fisher's new book, *"Brackenridge: San Antonio's Acclaimed Urban Park"*, the Witte Museum will host an exhibition that explores the story of the remarkable area now known as Brackenridge Park and how it has changed over time and become the Park we know today.

The exhibit will run from Oct. 22 to March 20 in the Laura and Sam Dawson Gallery and is included in museum admission.

Explore these as you view maps and photos showing the evolution of the Park, and learn about the establishment of the Park, the plants and animals that call it home, the people who have shaped it, and how our beloved Park features have changed over time.

Choose Brackenridge Park Conservancy as your charitable organization, and make your Amazon purchases through smile.amazon.com. Amazon will then donate 0.5% of the price of your eligible purchases to the BPC.
